

Nectar

Raveena

You've been out a while
Searching for the one to settle with
Girl don't trip
I could surely provide
Mother earth in my thighs
Don't you see
My honeybee

Searching for nectar
Affection
And truth, baby
Ooh, baby
I got the nectar
Affection
And truth, baby
Ooh, baby

Stretch marks on my thighs
Skin shades of the earth
Knots in my hair, its real
Don't fear it
Come and stay a while
You've been missing my
Sunflower, sunshowers I know

I get so wild so
Let me show it to you
Mmm

I got the nectar
Affection
And truth, baby
Ooh, baby
I got the nectar
Affection
And truth, baby
Ooh, baby

I got the nectar
Affection
And truth, baby
Ooh, baby
I got the nectar
Affection
And truth, baby
Ooh...
