

# Pluto

Raveena

Trying not to cry, it's been a few years  
Since we had to say goodbye  
But you reappear as a butterfly  
It's not like Earth side's better  
But some days I wish you were here  
Some days the sun hits perfect on my face  
And some days, it's hit and runs and city hellscapes  
We took a day to remember  
Oh, how I wish you could see twenty-eight

Pushing eighty in a blue Camaro  
New love got my mind up in Pluto  
Watching smoke turn into clouds from the backseat  
I pray this good thing don't run away from me

Ah  
Where'd ya go, where'd ya go, where'd ya go, where'd ya go, where'd ya go?  
Ah (I pray this good thing don't run away from me)  
Where'd ya go, where'd ya go, where'd ya go, where'd ya go, where'd ya go?  
(I pray this good thing don't run away from me)

Some weeks before you left, you asked  
"Where do butterflies go in the rain?"

I don't need proof that angels exist  
You showed me how nature is the proof of bliss  
But I keep repeating the same old mistakes  
It's an animal habit I may never break

Pushing eighty in a blue Camaro  
New love got my mind up in Pluto  
Watching smoke turn into clouds from the backseat  
I pray this good thing don't run away from me

Ah  
Where'd ya go, where'd ya go, where'd ya go, where'd ya go, where'd ya go?  
Ah (I pray this good thing don't run away from me)  
Where'd ya go, where'd ya go, where'd ya go, where'd ya go, where'd ya go?  
(I pray this good thing don't run away from me)

I know you're not so far from me  
I saw you ten times in a dream  
I know you're not so far from me  
I saw you ten times in a dream

Pushing eighty in a blue Camaro  
New love got my mind up in Pluto  
Watching smoke turn into clouds from the backseat

I pray this good thing don't run away from me
