

# Spell

Raveena

Bathing in your water  
I feel just like a child  
Hungry, I may falter  
In lusting for this wild love

All you in me, slow motion  
Falling deeper into devotion  
Slipping, drowning in your ocean  
Calling out to you when you I'm hurting

Found me  
Right when I fell  
I am under your spell  
Found me  
Right when I fell  
I am under your spell  
Yeah

Taken by some magic  
In your velvet grip  
Whole room's cinematic  
When we start to trip

All you in me, slow motion  
Falling deeper into devotion  
Slipping, drowning in your ocean  
Calling out to you when you I'm hurting

Found me  
Right when I fell  
I am under your spell  
Found me  
Right when I fell  
I am under your spell
