Oh Oh Oh

Listen up I got a secret

My flaws are beautiful

I'm way beyond average

I don't catch the common cold

The bar I set is a reach above...to you

See, I'm not your average girl at the party, party

It's just me and the dance floor at the party, party

Hey!

Show me what you got

I make my move, you make yo move

So go!

Cause tonight I'm green

Go go go go

I-i-i-i-i-it's just me and the dance floor

Cause tonight I'm green

Look at me, look at me, look at me, ain't I pretty?

Me and the dance floor gettin' it, and ain't this thang ridiculous?

Look at me, look at me, look at me, ain't I pretty?

Me and the dance floor gettin' it, and ain't this thang ridiculous?

You can tell it ain't a secret

I'm green so I'mma glow

And even when I'm wrong I'm still dead-on

And I'm a straight-up kinda girl, in confidence

Yea

See, I'm not your average girl at the party, party

It's just me and the dance floor at the party, party

Hey!

Show me what you got

I make my move, you make yo move

So go!

Cause tonight I'm green

Go go go go

I-i-i-i-i-it's just me and the dance floor

Cause tonight I'm green

Look at me, look at me, look at me, ain't I pretty?

Me and the dance floor gettin' it, and ain't this thang ridiculous?

Look at me, look at me, look at me, ain't I pretty?

Me and the dance floor gettin' it, and ain't this thang ridiculous?'
