

Napswag

Raven-Symoné

My nickname Cleo, bitch
I got a sneaker addiction
I gotta get my attention
I got my hand of admission
Witness this
Zigzaggin' the same thing
With my capital domain and my alpine golden chain

Cruising away
They think this Ray is the same
They don't know how I complain
They call me Chris on the side 'cause I know how to decide
By dangling my disguise or dangling at your eye

If you don't like my hair then I really don't care
I'm just doing what I saw in a magazine
If you don't like my style, then I really don't care
I'm just doing what I saw in a magazine

The napswag, nice to meet ya
Everything you went through, I was there when you went through it, wassup?
The napswag, nice to meet ya
Everything I went through, you were there when I went through it, let's bop
The napswag, nice to meet ya
Everything you went through, I was there when you went through it, wassup?
The napswag, nice to meet ya
Everything I went through, I was there when I went through it, let's bop

Wait, wait
Let me do this
Flossing like I live my life knowing that I'm cheap as hell
Matter fact, you need to water up to drain a well
Yellow submarine's bouncing everywhere, not for sale!

My political campaigns the american way
I pay for capital gain
It's how I'm able to maintain
My entertainment reign it was preordained
Even when I'm suckers game, I was on my best game, come on, let's bop

The napswag, nice to meet ya
Everything you went through, I was there when you went through it, wassup?
