

# High Enough

Ravenscode

I didn't know how it'd feel  
Without you lying next to me  
'Cause this is the price you pay to play  
And I couldn't tell if it was real  
Or just my sense of urgency  
Wish I could go back and play that day

Since you've been gone nothing's been the same  
I just can't seem to get high enough  
I never knew you were the drug pumping through my veins  
And now you're gone, I'll never be the same

And I couldn't heal all the wounds  
That I have opened up that day  
The memory's burned inside my head  
I've made the choice way too soon  
For us to go our separate ways  
It's not how I pictured this would end

Since you've been gone nothing's been the same  
I just can't seem to get high enough  
I never knew you were the drug pumping through my veins  
And now you're gone, I'll never be the same

And it'll follow me  
To the sky where we go higher and higher  
And I can't sleep  
When I'm overcome with this desire

Since you've been gone nothing's been the same  
I just can't seem to get high enough  
I never knew you were the drug pumping through my veins  
And now you're gone, I'll never be the same
