

# Nothing Left

Ravenscode

If it didn't hurt  
Did it even matter at all?  
Why climb to the top  
Without the fear that you might fall?  
Always wanted to know  
When they've taken it too far  
Till they're left alone  
With nothing but their scars

Watching you tear it apart  
Piece by piece  
When all the things you ask me  
Drag me to my knees  
You gotta give 'em all you've got  
That's what you always said  
How can you ask for more of me  
When there's nothing left?

Pushing through the pain  
'Cause it's all I've ever known  
But what use is greatness when  
Your life is spent alone?  
The words in my head  
Seem to grow to a shout  
Telling which path to tread  
When all I want is out

Watching you tear it apart  
Piece by piece  
When all the things you ask me  
Drag me to my knees  
You gotta give 'em all you've got  
That's what you always said  
How can you ask for more of me  
When there's nothing left?

(When there's nothing left? Whoa)  
Now they ask for more  
And they ask for more  
They always ask for more (Now they ask for more)  
You ask for more

Watching you tear it apart  
Piece by piece  
When all the things you ask me  
Drag me to my knees  
You gotta give 'em all you've got  
That's what you always said  
How can you ask for more of me  
When there's nothing left?

When there's nothing left?  
I've got nothing left (I've got nothing left)  
Nothing
