World Alone

Ravenscode

I'm
Alone all the time
Here in my mind
And I don't know why
And I
Wish I could try
To relieve my mind
'Cause I'm dying inside

I can't feel my head
I'm already dead

And I'm in this world alone

Down this lost and lonely road
Won't somebody save me?
So I walk through life
Always on my own
I'm in this world alone
Won't somebody save me?

They
They don't understand
What's in my head
It's left unsaid
And they don't see what's life for me
They don't know what I'm going through
And I swear they don't care
Things they know but don't have a clue

And I'm in this world alone

Down this lost and lonely road
Won't somebody save me?
So I walk through life
Always on my own
I'm in this world alone
Won't somebody save me?

No one will save me
There's nobody here
I'm all alone
Living in fear
And I can't tell
If you will save me

I'm in this world alone

Down this lost and lonely road
Won't somebody save me?
So I walk through life
Always on my own
I'm in this world alone
Won't somebody save me?
