

Bad Idea

Ravyn Lenae

Got with her on Monday, then woke up to me on Tuesday
Then you said, "Let's move to L.A.," and you said that you're so happy, won't you

Kiss me?
Hug me
Love me
Need me
Trust me

She said you were nervous and she thought that you were lying
And you said that it was nothing, but she showed me all your DMs, saying

"Kiss me
Hug me
Love me
Need me
Trust me"
That was a bad idea

Told you I was leaving, then you said that you deny it
Said that if I really love you, that I wouldn't give up trying, let you
Spend the night, I let you spend the night
Spend the night, I know it wasn't right
Spend the night
That was a bad idea

Just leave me alone, stay out of my head
Won't string you along, got nothing to give
You're tied up
Don't need to be friends, you're bad luck

Got nothing to say but you're sorry
Make sure when you talk about me
You get to the part where you lost me
Because you did

But now you wanna kiss me
Hug me
Love me
Need me
Trust me
That was a bad idea

Now you wanna kiss me
Hug me
Love me
Need me
Trust me
That was a bad idea
