Oh  
Yeah, yeah, yeah, yeah, yeah, yeah, yeah  
(I low-key hate you)  
Mm

I low-key hate you, you're never gonna change  
I low-key hate you, you probably feel the same  
Go, please, you always so controlling  
Rather be doing my own thing  
You dropped the blunt, now we're rolling, rolling  
I fucking hate you, you'll never speak my name

Mm-mm  
I already blocked him, no more  
'Bout to file a restraining order  
I never really liked your mama  
Your daddy and your cousins and your dog suck  
Heard you found somebody better, that's a big girl  
Bet you hate it when I'm busy making big bucks (Ooh)  
I get money, I don't get stuck  
Better luck next time, pick your chin up, oh-ooh-oh

I low-key hate you, you're never gonna change  
(You're never gonna change)  
I low-key hate you, you probably feel the same  
(You probably feel the same, woah)  
Go, please, you always so controlling  
Rather be by doing my own thing (Rather be)  
You dropped the blunt, now we're rolling, rolling (Rolling now)  
I fucking hate you, you'll never speak my name  
(Oh-oh-oh)

Switching sides  
Know I tried in ways you'll never know, oh-oh  
Oh, I regret it  
On the fly, ride or die when you had no place to go  
(You) You took advantage  
Ooh, I learned a lesson  
Take me for granted  
You're only gonna lose forever, oh-oh-oh  
I learned a lesson  
A beat of a woman  
You're only gonna lose when I make the rules

And if you ever say my name, I'll rip your tongue out (Ooh, ooh, ooh)  
You're so vain, how could I ever want you?  
Conversation but I'm not discussing you  
Ooh, ooh, ooh  
I known you for awhile  
I'm wasting my time  
So this is our goodbye  
Leaving you behind  
'Cause I deserve a guy who matches my fly  
I want you to see (I want you to see)

I low-key hate you, you're never gonna change  
(You're never gonna change)

I low-key hate you, you probably feel the same  
(Oh, I fucking hate you)  
Go, please, you always so controlling  
Rather be by doing my own thing (Rather be)  
You dropped the blunt, now we're rolling, rolling (Rolling now)  
I fucking hate you, you'll never speak my name

And never again  
(Oh-oh-oh, oh-oh-oh, oh-oh-oh)  
Oh, oh, oh, oh  
(Mhm, mm)  
Ah, ah, ah  
(Oh-oh-oh, oh-oh-oh, oh-oh-oh)  
(Mhm)
