Right Of Spring

Ravyn Lenae

Tell me what this means
Peeling off blue jeans
I have rights of spring
Can you help me please?
(Give me permission)

Know you can, know you can show me your life
Know you can, know you can make me your wife

(I know) I don't want to see you
I don't want to be you
I just want to live my life for me
I don't want to see you
I don't want to be you
I just want to take my right of spring
(Spring, spring) Spring (spring)
Spring (spring)
Spring (spring)
I just want to take my right of spring
(Spring, spring) Spring (spring)
Spring (spring)
Spring (spring)
You just want to take my right of spring

I know this one thing for sure
If I know you got my door
Please don't fool me
Please don't fool me
Give me back what is not yours
I'ma roar, I-I'ma roar
Louder and louder and louder and louder
I'ma soar, I-I'ma soar
Higher and higher and higher and higher

Two feet, too deep, in dreams
See me floating in streams
Give me my right of spring
Two feet, too deep, in dreams
See me floating in streams
Give me, give me, give me
Give me, give me
Give me my right of spring

I don't want to see you
I don't want to be you
I just want to live my life for me
I don't want to see you
I don't want to be you
I just want to take my right of spring
(Spring, spring) Spring (spring)
Spring (spring)
Spring (spring)
I just want to take my right of spring
(Spring, spring) Spring (spring)
Spring (spring)
Spring (spring)
I just want to take my right of spring
