# Spice

**Ravyn Lenae**

If you stir me right
Flavors come, come take over
I can never say I treat you right

I'm your hand of spice
Take me up, shake shake me up until the mix is right
I won't be nice (nice, nice, nice oh)

Baby, baby, never steer you wrong
I'm your favorite, I'm your favorite
I'm your favorite song (yeah yeah yeah)
Take me, take me where I don't belong
Sweet, salty, spicy, sweet, sweet, salty
Sip me till I'm gone

If I heard you cry
Rise and come, come take over
I can never say I treat you nice
(Can't treat you nice, can't treat you nice)

Look me in my eyes (oh oh oh)
Tell you I am wise (oh oh oh)
Love me love me love me, my advice
If you know what's right

Baby, baby, never steer you wrong
I'm your favorite, I'm your favorite
I'm your favorite song (yeah yeah yeah)
Take me, take me where I don't belong
Sweet, salty, spicy, sweet, sweet, salty
Sip me till I'm gone

Gone, gone, gone...

Sweet and spicy
Let me tell you something
(Sweet, salty, spicy)

Baby, baby, never steer you wrong
I'm your favorite, I'm your favorite
I'm your favorite song
Take me, take me where I don't belong
Sweet, salty, spicy, sweet, sweet, salty
Sip me till I'm gone

Sweet, salty, spicy, sweet, sweet, salty, salty, sip me
Sweet, salty, spicy, sweet, sweet, salty, salty, sip me
Sweet, salty, spicy, sweet, sweet, salty, salty, sip me
Sweet, salty, spicy, sweet, sweet, salty, salty, sip me
