

# Thirst

Ravyn Lenae

These days I can't sleep at night  
You said, you said, hold me like my feet aren't right  
I'm empty, fill me up  
I'm tipsy, fill my cup  
I know love is never enough  
I say it all sucks  
But I can't feel my toes when I'm alone  
Why can't I quench this thirst

I'm empty, fill me up  
I'm tipsy, fill my cup  
I'm empty, fill me up (fill me up because you know I'm)  
I'm tipsy, fill my cup

These days I don't know what's right  
You said, hold my hand and be my guide  
Don't tell me I'm enough  
Don't make me forget love  
(no no no no, no no no no, no no, no)  
I got scars that shine when shown  
My tears don't smile when new  
I have been left to hang my head don't bang  
When trapped in midnight doom

I'm empty, fill me up  
I'm tipsy, fill my cup  
I'm empty, fill me up (fill me up because you know I'm)  
I'm tipsy, fill my cup
