

Venom

Ravyn Lenae

Go get 'em, fake killer
Don't tell 'em, straight venom
Get 'em, fake killer
Don't tell 'em, straight venom
Why do you play me for a fool?
You know it too
Why do you make me be congrue?
You know it

This time, I'm gonna ride
Like I'm gonna save my
This time, I'm gonna fight
Crime, I'm gonna take your life
Why do you feel where you belong?
You know it's wrong
Why do you make me wait so long?
You know it

Go get 'em, fake killer
Don't tell 'em, straight venom
Get 'em, fake killer
Don't tell 'em, straight venom
Why do you play me for a fool?
You know it too
Why do you make me be congrue?
You know it

This time, I'll save my life for real
It's over here, it's over
This time, I've got you in a thrill
It's overkill, it's over
I know you think it's me too
(You did it, you did it)
I know you think I need you
(You said it, you said it)

Go get 'em, fake killer
Don't tell 'em, straight venom
Get 'em, fake killer
Don't tell 'em, straight venom
Why do you play me for a fool?
You know it too
Why do you make me be congrue?
You know it

Where's the reason I'm in pieces?
You better run, what have you done?
I know you think you are the world
(You know the world, but not this girl)
You're gonna get what you deserve
You know it
Killer, straight venom
Get 'em, fake killer
Get 'em, straight venom
