

Wish

Ravyn Lenae

No matter where you are
Wish on a shooting star
Ooh, I wanna see you with the lights on
(Lights on, lights on)
Oh-ooh, oh-ooh, oh-oh, oh-oh-ah
With the lights on (Lights on)

Every night I close my eyes and make a little wish to let you know
(I-I-I, I-I)
Every night you close your eyes make a little wish
Don't let me go (Me go)
(Me go)

Every night I'm near you, I can't rest
'Cause you are, you are, you are my peace and stress (I-I-I, I-I)
There are times I feel you, oh-oh-oh-oh-oh, I confess
That you are, you are, you are my only mess
I'll be your dinner, raise your candlelight
Hope and promise me you'll pray (Me you'll pray)
When the time is right (When the time is right)
I'll be by your side (I'll be)
I'll follow, I'll go everywhere, everywhere

No matter where you are
Wish on a shooting star
(Lights on, lights on)
Ooh, I wanna see you with the lights on

Every night I close my eyes, make a little wish
Do you know my mind?
Every night I close your eyes, make a little wish
Don't let me go (Me go)
(Me go)

Ooh, ooh, ooh
