

Anger

Raw Power

anger, will drive some people mad
nobody is, exactly as you can expect
you think, you know them well
but that's, difficult to tell
anger, will make you blind
alter completely, your state of mind
you feel, your brain could explode
what next, you don't really know
ANGER, RAGE, FURY AND RESENTMENT
anger, will fill you up with hate
no one, is allowed to escape
inside you, nothing but rage
you are, trapped in a cage
anger, will make you scream
you wish, you'd have the guts to kill
you can't get rid of this
poison, that's eating you to bits
ANGER, RAGE, FURY AND RESENTMENT
