

## Disease

Raw Power

beware of what you eat  
you are in danger of the disease  
nothing can save you today  
there's a new disease  
carefull of what you touch  
you are in danger of the disease  
nothing can save you today  
there's a new disease  
watch out when you breath  
you are in danger of the disease  
nothing can save you today  
there's a new disease  
look out when you drink  
you are in danger of the disease  
nothing can save you today  
there's a new disease  
people's stupidity, cronic insanity  
this is disease
