

## Why

## Raw Power

why you failed, you failed to help me  
now it's too late  
I'm dying, I'm dying, I'm dying, and  
you know that I'm blaming you  
you will never admit it to anyone  
you won't even admit it to yourself  
all the words you spent on me  
all the promises you weren't gonna keep  
WHY, WHY, WHY, WHY  
all those times I felt rotting away  
all those times I felt like being in hell  
many times I implored yuo for help  
many times you said you'd come to me  
WHY, WHY, WHY, WHY  
why you failed, you failed to help me  
now it's too late  
I'm dying, I'm dying, I'm dying, and  
you know that I'm blaming you  
I hope you're feeling bad  
look what's left to me  
I hope you're feeling bad  
now that I won't come back  
WHY, WHY, WHY, WHY  
why you failed, you failed to help me  
now it's too late  
I'm dying, I'm dying, I'm dying, and  
you know that I'm blaming you
