

Unite & Fight

Rawside

The got no money any more
just more police, police means war
they grow the taxes more and more
so people hate them, hate means war

Unite & fight
Unite & win
against this government, the war begins

Not only left wings, who rebel
but everybody knows it well
that it is time to face the facts
against governing scum, fight back

We - Punx and Skins
we fight back
we - fight for our right
we come back
