

Baggage

RAY BLK

I know I've got some issues
Loving me ain't easy
When you see what I've seen
You'll be like me
I know I got some issues
I've got so much baggage
Stuck in my bad habits
I've been damaged

I've been afraid to let my guard down
It's getting worse because I'm up now
But when you don't grow up wit no daddy
That shit affect the way you turn out

It's not that I don't want commitment
But that shit affects my decisions
Make you feel like you overstay
It's prolly that I'm overthinking

You wanna grow but I'm taking it slow
Want you to stay but I want you to go
Draws or the trash when I'm packing your clothes
Want you to go
You want me?

Talk in riddles
You'll never get all this
Stuck in the middle love

I know I've got some issues
Loving me ain't easy
When you see what I've seen
You'll be like me
I know I got some issues
I've got so much baggage
Stuck in my bad habits
I've been damaged

Yeah, I got issues
Wanna be wit you
You got potential
But I'ma diss you
Push you away
But don't wanna miss you
You wanna own this
Heart is a rental

How am I supposed to drown and get so invested?
When as a kid you seen your mama get in a domestic
I'm coming from the streets
We ain't got any peace
We fighting the police
Shit you ain't meant to see

I know you vex
When I'm airing your text
But, baby, you the best

You ain't even gotta guess

I wanna change
Don't wanna be to blame
If you get up and go
Don't wanna be alone
