

Ooh, yeah
Alright, cool
Yo
Ray Blizzy on the mic
This one's for my men and my women
Uh, uh-huh, uh-huh, yeah

People always act genuine, you don't see it comin'
You better open your eyes
You think that you know someone, he swears you're the one
On his mother's life
But you never know, a friend from foe
So don't fall for those lies
I'm tellin' you girls, remember this word
Some boys just want your pride, your

Honey
Yeah, they want your
Honey
From the Queen Bee, they want your
Honey
They want your
Honey
From the Queen Bee, so sweet
Honey

Uh-huh
(The second verse is dedicated to the men)
Some men just want that thing, ask Lauryn
They're givin' you their number, just to get that ring
Next thing, you're havin' a baby by somebody lazy
Takin' a piece of your pie
You better be payin' attention to this lesson
You better be wise, with the

Honey
Yeah, they want your
Honey
So sweet
The honey
Yeah, they want your
Be careful with
Honey
So sweet
Honey

Yeah, listen, Ray Blizzy on the mic
Spittin' knowledge for dem, listen up
I said uh, you don't love me
I know what you really want is my honey
Yeah I know, uh, you don't love me
I know what you really want is my honey
Yeah boy I know, uh, you don't love me
I know what you really want is my honey
Said girl I know, uh, you don't love me
I know what you really want is my honey

Honey
I know you want my honey
Yeah, you want my, uh
Honey
You want my honey
My honey, honey, honey, honey, honey
Honey
My money, you don't love me
You want my money
Honey
My honey, yeah

What?
