

**MIA**

**RAY BLK**

Running off we MIA (yeah)  
MIA (yeah)

I just got a bag like I stole the loot  
We should blow it all, we should make a move  
Cover up the tracks, don't see the route

Sex feels better when we've got a view  
Rio de Janeiro or the land Cancun  
Really it's just better when I'm with you

Times like this I wish were all year  
Oh yeah  
Make the haters wish they were here  
You feel like a vacation  
Times like this feel like I got it all  
Cause if I got you I got it all

Running off we MIA  
They don't needa know no  
MIA (yeah)  
We off this grid for sure  
Location stays unknown  
We ride we stay on the low  
MIA (yeah)

We should take this out of town like hell yeah  
Go through the night  
We racing through these strobing lights  
I got you, you got me right  
Nobody else, just you and I MIA

MIA, MIA  
I'm in a 305 going MIA  
Yeah I'm in the yams how you feel about it  
Just tell me your plans so I can see about it  
Bout your body  
Let me know your in the lobby  
Pulling up at 5  
I've been cruising yeah  
I've been cruising down  
Down to ocean drive  
Tell me if you're down for the ride  
Yeah like my partner in crime  
Murder she wrote and she write all the time  
Rolling up the gas and the palm trees  
We MIA and we overseas

Running off we MIA  
They don't needa know no  
MIA (yeah)  
We off this grid for sure  
Location stays unknown  
We ride we stay on the low  
MIA (yeah)

We should take this out of town like hell yeah

Go through the night  
We racing through these strobing lights  
I got you, you got me right  
Nobody else, just you and I MIA
