

# Sunshine

RAY BLK

In the sunshine  
Can't shade me, yeah I'm glowing  
Out here in the sunshine  
I'm alive, feel my heartbeat

Like a moth to a light, inviting  
Eye-catching  
I bet you'd love to take a bite  
A piece of me  
I bet you'd like that, like that

Look how a smile agrees with me  
And you sow it  
I won't let you read my blessings

In the sunshine  
Can't shade me, yeah I'm glowing  
Out here in the sunshine  
I'm alive, feel my heartbeat  
I'm free and I'm gonna grow  
And you can't hold me  
Take a seat and enjoy the show  
Baby I'm golden  
In the sunshine

Put on the dress I like, ain't gotta tell you why  
Life's so hard that I think I might, oh  
I'm taking the air I need, open a window  
There'll be nobody making me, oh

In the sunshine  
Can't shade me, yeah I'm glowing  
Out here in the sunshine  
I'm alive, feel my heartbeat  
I'm free and I'm gonna grow  
And you can't hold me  
Take a seat and enjoy the show  
Baby I'm golden  
In the sunshine
