

I Think I See Gold

Ray Boltz

I see you struggling every day
You think, how long
Can I go on this way?
On and on
Again and again
Oh, when will it end?

You think, I just can't go on
Much longer
But inside, my friend
Your faith is growing stronger
You feel the fire burning
Deep in your soul
But I want you to know

I think I see gold
I think I see gold in the fire
Right there in the ashes
Is all you've desired
Oh, it's hard
As you press toward the goal
Don't give up
Don't give in
Don't stop now
I think I see gold

Until this moment
You've always believed
When life grew darkest
By faith you could see
Open your eyes
Look for the light
You see, you were right

These lonely hours
Like a fire refining
Something that's precious
Something that's shining
There in the darkness
Surrounded by coals
Is starting to glow
