

The Last Time I Fall

Ray Boltz

Today I faced
A world of compromise
I had to fight to stand my ground
One day I'll leave these struggles
Far behind
I will gladly lay them down

When we get there
His voice we'll hear
Slowly each name He'll call
When He calls to me
I will fall to my knees
And He'll see
The last time I fall

I only dream
Of how it's going to be
But I'll keep fighting until then
When every loss
And every victory
Will be offered unto Him

Truth has conquered every lie
Love demands no alibis
Life has loved us
Loved enough to die
