

# I'm Gonna Keep on Singin'

Ray Charles

Y'all, listen

I'm gonna keep singin' (Singin')  
I'm gonna keep singin', yeah (Singin')  
I'm gonna keep singin', yeah (Singin')  
Said I'm gonna keep singin' (Singin')  
I'm gonna keep singin', y'all, uh-huh  
Well, I'm gonna keep singin'  
While I'm waiting on my change to come

You know, it's just like I was talking to my girlfriend this morning  
I said, "Honey, uh, let me tell you a little something"

Hallelujah, yeah (Hallelujah)  
Can I, yes, yes (Sock it to ya)  
Hallelujah, girl (Hallelujah)  
You know I wanna, you know I wanna (Sock it to ya)  
Hallelujah, baby, haha, looka here  
Girl, will you let me sock it to ya now  
While I'm waiting on my change to come

And she said, "What the hell do you mean by that?"  
And I said, "Hold on a minute, baby, I'ma try to explain it to you the best way I can"  
Looka here

Can me and you, ah (Do it)  
Tell me, woman, can we, can we, baby (Do it)  
The only reason I ask you that is 'cause I know bees (Do it)  
I just read in the paper yesterday that even fleas (Do it)  
So why can't me and you do it, baby, hehe, listen to me  
Let's fall in love, girl—I fooled ya, didn't I?  
While I'm waiting on my change to come

Friends, I told the Lord Himself this morning  
I said, "Lord, You know I don't mean a bit of harm in the world  
But if you don't mind

Can you keep me, yeah (Singin')  
Lord Jesus, keep me, keep me (Singin')  
Keep every breath in my body, yeah (Singin')  
Lord, it's the only thing I can do (Singin')  
Keep me singin', holler  
Day and night I'll be singin'  
While I'm waiting on my change to come
