

# I Thought About You

Ray Charles

I took a trip on a train, and I thought about you.  
I passed a shadowy lane, and I thought about you.  
Two or three cars parked under the stars, a windin' stream.  
Moon shining down on some little town  
And with each beam, the same old dream.  
And every stop that we made, oh I thought about you.  
And when I pulled down the shade, then I really felt blue.  
I peaked through the crack and looked at the track,  
The one goin' back to you, and what did I do?  
I thought about you.

There were two or three cars parked under the stars, a windin'  
stream.  
Moon shining down on some little town  
And with each beam, the same old dream.

And then I peaked through the crack and I looked at that track,  
The one goin' back to you, and what did I do?  
I thought about you.
