

# No One

Ray Charles

No one (no one but you)  
Ever kissed me (no one but you)  
The way you do (no one but you)  
(No one but you)  
Oh, and no one (no one but you)  
Ever told me (no one but you)  
I love you (no one but you)  
(No one but you)

No one ever cared  
No one ever shared all those dreams  
That I dreamed would come true

I said no one (no one but you)  
Ever hurt me (no one but you)  
The way you do (no one but you)  
(No one but you) all right now  
Oh, baby, no one (no one but you)  
Ever broke my (no one but you)  
Heart in two (no one but you)  
(No one but you)

So I'll keep on caring  
My whole life through  
Oh, for no one, no one but you  
(Nobody but you)

I said no one (no one but you)  
Ever hurt me (no one but you)  
The way you do (no one but you)  
(No one but you)  
Oh, and no one (no one but you)  
Ever broke my (no one but you)  
Heart in two (no one but you)  
(No one but you)

So I'll keep on caring  
My whole life through  
Cause no one but no one but you  
No one, no, nobody but you  
(Nobody but you) yeah
