

Please Say You're Fooling

Ray Charles

You say you're leaving me
For someone new
Please say you're teasing me
Say it's not true

Say it, come on
And say you're fooling
Whoa, say it's a lie
Whoa, say you're fooling me, baby
Don't say goodbye

Whoa, if our romance is really done
Don't you know my heart
Will never see the sun

To me, you're everything
That is sweet and divine
Don't keep me wandering, baby
If you're still me

Say it, come on
And say you're foolong
Whoa, say it's a lie
Whoa, say you're fooling me, baby
Whoa, don't say goodbye
(Don't say goodbye)
