And though my heart may break when I awake,

Let it be so, I only know, Ruby, it's you.
2. They say, Ruby, you're like a song,
You don't know right from wrong.
And in your eyes I see heartbreak for me;

But from the start, who stole my heart? Ruby, it's you.

*: I hear your voice and I must come to you
Gmi A7/5+ A7 Em7/5- A7
I have no choice--what else can I do?
3. They say, Ruby, you're like a flame;
Into my life you came.
And though I should beware, still, I don't care.

You thrill me so, I only know, Ruby, it's you.
