

Teardrops in My Heart

Ray Charles

1. You'll never know I cried, when I found out you
lied
for Ive been hangin on this teardrops in my heart

2. My eyes dare not reveal, the way I really feel
because I know I'll cry my heart out if I start

*: though Im pretending, that I dont care
to be with you my darlin, is my prayer

3. But way down deep inside, I cant give up my pride
so Ill just keep on hiding teardrops in my heart

(solo piano)
