

The Ego Song

Ray Charles

All the girls in town are crazy 'bout me
That's easy to see, crazy 'bout me
And If I had my way, I'd marry them all
Be having a ball, , and marry them all
I love to dress in style, wear a Sunday smile
And keep a pocket full of money for fun
I Love the life and plan the time to give
A friendly word and favours to everyone
And that's why all the boys in town are jealous of me

No reason to be, so jealous of me
There's just one for me, she's sweet as can be
Like sugar to me, she's sweet as can be

I Love the life and plan the time to give
A friendly word and favours to everyone
I love to dress in style, wear a Sunday smile
And keep a pocket full of money for fun
And that's why all the girls in town are crazy 'bout me

That's easy to see, they're crazy 'bout me
But there's just one for me, she's sweet as can be
Like sugar to me, she's sweet as can be
