

# You've Got Me Crying Again

Ray Charles

You got me cryin' again  
You got me cryin' again  
What is this love all about  
I'm in and then I'm out

Your kisses right from the start  
They came from your lips not your heart  
You made me happy and then  
Somebody new looks good to you  
You got me cryin' again, just cryin' for you

Your kisses right from the start  
They came from your lips not your heart  
You made me happy and then  
Somebody new looks good to you  
You got me cryin' again, just cryin' for you
