Let's Dance

Ray Conniff

Let me spin your head into a trance

I like what you do when you move it
I like when you move like this
It's time to get out on the dancefloor
I like it when we do it like this

I wanna dance with you baby
I wanna move it like this
Take a chance with me baby
And move to the music, dance to the beat

Let me dance with you
I've been watching you
Let me spin your head into a trance
Let me dance with you
Cause I'm wanting you
It's a vertigo I call romance

I like what I feel boy you move me
I like when I'm feeling like this
It's time to get out on the dancefloor
I like it when we do it like this

I wanna dance with you baby
I wanna move it like this
Take a chance with me baby
And move to the music, dance to the beat

Let me dance with you
I've been watching you
Let me spin your head into a trance
Let me dance with you
Cause I'm wanting you
It's a vertigo I call romance

Let's dance
Let's dance
Let's dance
Let's dance
Let's dance
Baby, baby, baby...
Let's dance
Baby let's dance
Baby let's dance

I wanna dance with you baby
I wanna move it like this
Take a chance with me baby
And move to the music, dance to the beat

Let me dance with you
I've been watching you
Let me spin your head into a trance
Let me dance with you
Cause I'm wanting you
It's a vertigo I call romance

Let me dance with you
I've been watching you
Let me spin your head into a trance
Let me dance with you
Cause I'm wanting you
It's a vertigo I call romance

Let's dance, let's dance, let's dance
It's a vertigo I call romance
Let's dance
