You ain't gotta turn the base up
We gonna make the neighbors wake up
And when we done we gonna do it again
So ain't no reason to be putting on your make up
[?] head and let your hair down, may fuck around pull your hair out
I take a bow, after I put it down, take a shower and let that pussy air out

You're gonna love it by the time I'm through
Cause once I get it girl you gonna be my get it girl
When you let me get inside of you
Watch what I do with it, you gonna wanna be committed, yeah

The sex is bananas, bananas, the sex is bananas, bananas
The sex is bananas, I'm telling the truth
My sex is bananas when you not getting fruit
The sex is bananas, bananas, the sex is bananas, bananas
The sex is bananas, between me and you
My sex is bananas, and you like getting fruit

You should gonna let me coach ya, we'll get started on the sofa
Think I'm in the putting me in the pen for going in I be beating up the [?]
