

## Get It Started

Ray J

Roscoe and Ray J  
West coast  
It's Roscoe and Ray J

All of my ladies in the place  
Let me see you move your waist  
Me and my niggas off the haze  
'Stal, Hypnotiz and Alizé  
Ten more bottles on the way  
Things are about to get started  
This is what I call a party  
With me and my niggas 'round the way

Grand and Absolut, ten khaki suits  
Brand new Caddy coupe, it's Granddaddy Youth  
Who goin' Philly for Philly with the fanatic  
I'm a killer, reppin' the iller, spillin' for skrilla  
Take a whiff of this, bomb odoriferous  
California Mary cloudy, aroma therapy  
She down temporarily, for now, momentarily  
But she could be permanent, look how good she workin' it

Now baby you're lookin' good to me  
After the party, you and me up in my Jeep  
Beep, here we go again, gettin' it poppin'  
Front, back, side to side, ain't no stoppin'

Baby you got the truck hoppin'  
Off in the club with the beat knockin'  
What? When? Drinkin' san gin  
Make sure you leave your number and we'll do it again

Scoedizzle, yobrizzle, blowdizzle  
So vicious, snowjizzle, real talk, no lie  
So high, still spark a drojizzle  
Roll by blowin' sizzles, blowin' missiles, Scoe and Bizzle  
Ray Jizzle, Scoedy Mac, shorty mad  
She shake jizzle, but look how shorty act, shorty wack  
Forty sacks, forty bottles, forty models, show the models  
Sure to follow, sure to gobble, sure to swallow, sure to holla

All of my ladies in the place  
Let me see you move your waist  
Me and my niggas off the haze  
'Stal, Hypnotiz and Alizé  
Ten more bottles on the way  
Things are about to get started
