

Hate To Love You

Ray J

Just for tonight
Turned into monster
Stuck with my life
I had no one to... what I say
... I know what I want
For you to stay
I will be complaining
I am so afraid to love
I can't take it I will be hating
Are you everything I want
Hate to love
Love to hate you
Hate to love
Love to hate you
Hate to love
Love to hate you
Love is good
Love is not great
Love is love
Love can wait
I almost killed
Damn I can feel it
I almost say
I can believe it
Damn is I do
Damn if I don't
Cause I know what I want
For you to stay
I will be complaining
I am so afraid to love
I can't take it I will be hating
Are you everything I want
Hate to love
Love to hate you
Hate to love
Love to hate you
Hate to love
Love to hate you
Love is good
Love is not great
Love is love
Love can wait

I am going crazy
I can't contain it
The other day
I tried to say
Nothing came out of your
Nothing came out just
I hate to love you
I hate to love you
Hate to love
Love to hate you
Hate to love
Love to hate you
Hate to love
Love to hate you

Hate to love
Love to hate you
Love is good
Love is not great
Love is love
