

# Let It Bang

Ray J

We gon' let it bang  
Money over everythang  
Pull up in a new whip  
Every night, Jackie Long got a new bitch  
TMG, no extras  
Pretty ladies wanna sex us  
Shoutout to my investors  
Niggas wanna hate 'cause the good Lord blessed us

Niggas yellin' what's up Blood?  
And the ladies 'bout to get real twisted  
It's about to go down in the club  
And my nigga Chris Brown brought the bitches  
All these bad bitches gettin' fucked up  
VIP, got a lot of pretty women  
My nigga Truth snuck in with the slug  
And we gon' let it bang just for all you fuck niggas

Let it bang, let it bang, let it  
Let it bang, let it bang  
Let it bang, let it bang, let it  
Oh

Girl, do your thing, that's my only one wish  
I hope that pussy taste like Herseys Kisses  
All up in the club with a lot of pretty bitches  
And my niggas stay strapped just for all you fuck niggas, yeah  
Let it bang, let it bang, let it bang, let it bang  
And I know you wanna do it the same

Real niggas from the West side  
Real niggas from the East side, yeah  
Real niggas from the North side  
South side, it don't matter where you at, what's up?

Niggas yellin' what's up Blood?  
And the ladies 'bout to get real twisted  
It's about to go down in the club  
And my nigga Chris Brown brought the bitches  
All these bad bitches gettin' fucked up  
VIP, got a lot of pretty women  
My nigga Truth snuck in with the slug  
And we gon' let it bang just for all you fuck niggas

Let it bang, let it bang, let it  
Let it bang, let it bang  
Let it bang, let it bang, let it  
Oh

Huh, look, let it bang like a new gang  
Lit like a new flame, kickin' it like Liu Kang  
I'm different but I got on way more than 2 Chainz  
I'm standin' out like a bright blue flame  
Look, look, light blue Bentley  
Want a bad bitch so boujee and prissy  
A Blood bitch crazy, hood name Brissy  
Fuck me every night like she miss me

Straight from the jungle, it's pretty face but she still humble  
Right jab still make a broke bitch stumble  
Trick nigga, make a broke bitch rich  
I can bang that, nigga, they gon' bang this

Let it bang, let it bang, let it  
Let it bang, let it bang  
Let it bang, let it bang, let it  
Oh

Real niggas from the West side  
Real niggas from the East side, yeah  
Real niggas from the North side  
South side, it don't matter where you at, what's up?

Niggas yellin' what's up Blood?

Where them head at? Let it rain, let it rain  
Young Truth, baby girl, I do the damn thing  
Ciroc for the bitches while I'm drinkin' champagne  
Came with the snug, where the heat be at?  
OHB in the bitch, where CB at?  
This a couple real niggas inside the squad  
It don't matter what side, worldwide the mob

Niggas yellin' what's up Blood?  
And the ladies 'bout to get real twisted  
It's about to go down in the club  
And my nigga Chris Brown brought the bitches
