

Special

Ray J

Oh, girl, this been hangin' on my conscious
So I just can't leave you alone tonight
I'ma fall in love, put my heart in your pocket, huh
You can get anything you want now

Baby, that other man is taking you for granted
He can't even see that you're a star
Oh, he don't even see the queen you are
But I'm watchin', baby

Girl, I'm gonna rock your body
When we in this party
Baby, put your arms around me
That's what I want, want
You need to be loved tonight
And girl, I promise
With me, you gon' be treated right
You gon' be treated like you special

Yeah, yeah
Aw, yeah, yeah
You special
Yeah, yeah
Aw, yeah, yeah
