

# I Wish I Could Change Your Mind

Ray LaMontagne

Well I wish I could change your mind  
I Wish I could change your mind  
But you're gonna go leaving me behind  
I Wish I could change your mind

Everyday I'm feeling oh so lonesome  
When I look into the mirror  
Wishing that she'd could be oh so close  
And maybe just a little nearer  
If you got a hand to hold  
Hold on buddy don't let it go  
Cause it's your heart when your love turns cold  
You've got to change her mind, yes

I wish I could change your plan  
I Wish I could change your plan  
But you got your arms around another man  
I Wish I could change your plan

Everyday I'm feeling oh so lonesome  
When I look into the mirror  
Wishing that she'd could be oh so close  
And maybe just a little nearer  
If you got a hand to hold  
Hold on buddy don't let it go  
Cause it's your heart when your love turns cold  
You've got to change her mind, yes  
You've got to change her mind, yes  
You've got to change her mind
