

We'll Make It Through

Ray LaMontagne

Had our share of the pain
Of the clouds, and the rain
Lean on me
And I'll lean on you
And together, we'll get through
We always do
We always do

I know you're scared 'cause
You can't see the light
You toss and turn through the night
Holdin' me
And I'm holdin' you
And together, we'll get through
We always do
We always do
We always do

Where do you go, when there's no road to follow?
Faces look hollow, only strangers to you, now
Where do you turn, when this livin' starts to burn through
Layers that you learned wrap around your heart somehow

I turn to you
I always do
I always do
I turn to you

I know you're scared
Can't see the light
Gotta believe it's gonna be alright
Lean on me
And I'll lean on you
And together, we'll get through
We always do
We always do
We always do
We'll make it through
We always do
We always do
