All in the Way You Get Down

Ray Parker Jr.

She hit on me to find a place were we could be alone
Even though she been aggressive, I could hardly wait to get her
 home
As I held her close to my heart, she warned me, right from the
start

It's all in the way you get down (all in the way you get down)
There's no time for fooling around (fooling around)
It's all in the way you get down (all in the way you get down)
When it's time for the test, make sure you do your best, to get
 down

The feelings weak, every time I call her on the phone
I can hear a voice, in the background saying she's not home
So I asked her, was it something I did, she paused, then she fi
nally says

It's all in the way you get down (all in the way you get down)
There's no time for fooling around (fooling around)
It's all in the way you get down (all in the way you get down)
When it's time for the test, make sure you do your best, to get
 down
Get on down

Now I knew that she, made a fool of me, which was just what I d
eserved (just what I deserved)
I need to let her go, couldn't take no more, but soon as I deci
ded to give her up

My ego took control and made me ask her for another chance
Cause I just had to prove to her, that I knew how do romance
She called me, on a all night, and from now on, I'm gonna make
it right

Cause it's all in the way you get down (all in the way you get
down)
There's no time for fooling around (fooling around)
It's all in the way you get down (all in the way you get down)
When it's time for the test, make sure you do your best

Cause it's all in the way you get down (all in the way you get
down)
There's no time for fooling around (fooling around)
Girl it's all in the way you get down (all in the way you get d
own)
When it's time for the test, make sure you do your best

Cause it's all in the way you get down (all in the way you get

down)
There's no time for fooling around (fooling around)
It's all in the way you get down (all in the way you get down)
So get down
