

I'm Gone

Ray Peterson

I never thought that it would be
That anyone could capture me
You got me going
I'm going
I'm gone

I never thought I'd find such bliss
In such a sweet and tender kiss
But now I'm going
You got me going
I'm gone

I never realized when I looked in your eyes
At the sparkle was burning so bright
You made me fall, I'm gonna give my all
And I'll never let you out of my sight

So in case you didn't know
I thought I'd better tell you so
You got me going
I'm going
I'm gone

I never realized when I looked in your eyes
At the sparkle was burning so bright
And since you made me fall, I'm gonna give my all
And I'll never let you out of my sight

So in case you didn't know
I thought I'd better tell you so
You got me going
I'm going
I'm gone
Yeah
