

## Better Than This

Ray Scott

I've been thinkin' bout leavin' this world by my own hand  
If you've ever been this low you understand  
But I ain't tryin' to make my poor little mama cry  
She thinks folks go to hell for suicide

I've been sinkin, cause I've been drinkin'  
That ol' bottle just ain't doin' shit  
Up's the only way to go  
If there's one thing I know  
It's gotta get better than this

I've been getting' a lil' thicker in the middle and I look like  
hell  
But that's all I put her through so its just as well  
When you love somebody but you only cause em' pain  
There ain't no thinkin you don't deserve the same

I've been sinkin, so I've been drinkin...  
That ol' bottle still ain't doin' shit  
Up's the only way to go  
And if there's one thing I know  
It's gotta get better than this

Yeah, I've been sinkin, so I've been drinkin...  
That ole' bottle probably caused this shit  
Up's the only way to go  
And if there's one damn thing I know  
It's gotta get better than this  
It's gotta get better than this  
Yeah, I've been drinkin'
