

This roll a dice life  
Been feeling kind of like  
A rock in my shoe  
I've been in this rut a while  
Ah, sometimes just a smile  
Is more than I can do  
I can feel the pull of a couple loving arms I know  
Waiting for me on that Carolina coast

I want to ride beside the ocean  
Feel that sun burning on my face  
Gonna let that lime and Corona  
Wash it all away

This Tennessee town  
Can really get me down  
Make me want to give up  
That Edisto wind  
Is like a long lost friend  
When the going's this rough  
I let that fishing pole hook to my soul and reel me in  
Remind me of what matters in the end

I'm gonna ride beside the ocean  
Feel that sun burning on my face  
Gonna let that lime and Corona  
Wash it all away

Yeah, gonna let that lime and Corona  
Wash it all away  
Yeah, wash it all away  
Aw yeah  
Gonna wash it all away
