

# Everybody's Girlfriend

Ray Scott

She's the kind of girl they fantasize about  
All lipstick and legs, with all the right things stickin out  
Well that first night I saw her I knew I was in for a ride  
Yeah and I found out the hard way, she ain't the settle down wi  
th one kind

I'm in love with everybody's girlfriend  
I want her, but she wants a lot of men  
Yeah I'm in love with everybody's girlfriend  
Ah and everytime I love her I just wanna do it again

I don't have to wonder what she's doin tonight  
It might not be me, but I know she's treatin somebody right  
Yeah sometimes I hate her and I wanna tell her goodbye  
But then she touches me again and I think to myself, ah hell I'  
ll tell her next time

I'm in love with everybody's girlfriend  
I need her, ah but she needs a lot of me  
Yeah I'm in love with everybody's girlfriend  
Yeah and every time I love her I just wanna do it again

It makes me feel better, knowin whenever she cheats  
Huh, well she ain't just cheatin on me

Ow, I'm in love with everybody's girlfriend  
Well I love her, ah but she loves a lot of men  
Yeah I'm in love with everybody's girlfriend  
Ah and everytime I love her I just wanna do it again and again  
and again, ah yeah baby
