Heartache

Ray Scott

I admit I saw ya comin'
You were easy to predict
I know there ain't a hope in hell of changin' this
I know I can't out run ya
You're a storm cloud rollin' fast
All I can do is hit my knees to pray ya pass

Oh heartache
Why ya gotta go and bring your pain my way
And come darkenin' up my sunny day
Aww leave me alone

She moved out and she moved on
Now I'm drinkin' with a ghost
To know I brought you on myself
Yeah, that's what hurts the most
Yeah it does

Oh heartache
Why ya gotta go and bring your pain my way
And come darkenin' up my sunny day
Aww leave me alone

Oh heartache
Why ya gotta go and bring your pain my way
Aww gimme back my sunny day
Aw leave me alone
Yeah, won't ya leave me alone
