

Honky Tonk Heart

Ray Scott

I got a honky tonk heart
And it's an old two-row [?]
Down a long dark highway
To another stage to play
In one more smokey bar
I got me a honky tonk heart

Y'all know what I came to do
To rock you, and you, and you
Have that whiskey go down smooth
While you shake off the long week blues
You don't know how much alike we are
I got me a honky tonk heart

Yeah I got a honky tonk heart
And it's an old two-row [?]
Down a long dark highway
To another stage to play
In one more smokey bar
I got me a honky tonk heart
Hooooonky tonk

I work my ass off in music row
Tryin' to get on the radio
Like Alan said those wheels turn slow
And I had to tell 'em all where to do
When they tried to make me a pop star
I got me a honky tonk heart

Yeah I got a honky tonk heart
And it's an old two-row [?]
Down a long dark highway
To another stage to play
In one more smokey bar
I got me a honky tonk heart

Yeah, I ain't no fake ass country star
I got me a honky tonk heart
Yeah, I love a steel guitar
