

## Leave This Town

Ray Scott

I'm gonna leave this town behind  
Head on back to Caroline  
To those old familiar pines  
I'm gonna shake this state I'm in  
I ain't talkin' just my zip code friend  
It's too much heartache for one man

I'm gonna put it my dust  
Cut my losses, chalk it up  
To one more meant to be goodbye  
I'm gonna leave this town behind

I'll see your face in every sign  
From here to that old North state line  
Baby I've made up my mind

I'm gonna put us in my dust  
Take this heart and patch it up  
There ain't no turning back this time  
I'm gonna leave this town behind

I'm gonna head on back to Caroline  
Just hit reset on my life
