

Ripples

Ray Scott

I got my ol' flat top, gonna load it in the car
Gonna chase the big top, I'm gonna see how far
I can go...

I'm tired of workin', this ol' job that I can't stand
One things for certain, baby, I'm bout to tell that ol' boss ma
n
Where he can go...

I'm gonna take a chance on these ol' songs I sing
And there won't be a chance that you won't know my name
Before too long...
I'm gonna leave a few ripples in the pond

Noone or nothin', is gonna get in this ol' boy's way
I got people talkin', awe, but to hell with what they say
What do they know...

I'm gonna take a chance on these ol' songs I sing
I'm gonna make ya dance, you're gonna know my name
Before I'm gone
I'm gonna leave a few ripples in the pond

Whoa...

I'm gonna take a chance on these ol' songs I sing
I'm gonna make ya dance, you're gonna know my name
Before I'm gone
I'm gonna leave a few ripples in the pond
